OF MERCER COUNTY

STORE DONATION PROGRAM

Donations from grocery retailers and wholesalers provide the CFWMC with the opportunity to access product donations. Donations consist of perishable and nonperishable **food items** that can improve our nutritional mix and **nonfood household items** that can add to quality of life and extend a recipient's budget. The CFWMC has retail grocery companies within our service area who contribute to our mission. *It is estimated that there are over 500 million pounds available from Grocery retailers and wholesalers throughout the country!* Last year the CFWMC received **131,500 pounds** from our local stores.
